

# *Presumptive Eligibility for Pregnant Women*

## **What is Presumptive Eligibility?**

Presumptive Eligibility (PE) is a Medicaid option which is designed to improve pregnant women's access to temporary outpatient services while their eligibility for Medicaid benefits is determined.

## **What is the Qualified Provider role in the PE program?**

- Determine eligibility for the PE program using a simple web-based PE Application.
- Assist the pregnant woman in completing the Healthcare Coverage Application for regular Medicaid.
- Refer the pregnant woman to other available services.

## **Who can be a Qualified Provider?**

- Public Health Nursing Offices
- Physician Offices
- Indian Health Services
- Clinics
- Qualified providers must enroll with EqualityCare and complete PE training

## **What services are covered under the PE program?**

- Outpatient services

## **What services are not covered under the PE program?**

- Labor and delivery
- Inpatient care

## **What is the Eligibility Criteria?**

- Pregnancy
- Wyoming residency
- U.S. Citizenship
- Social Security number
- Gross family income cannot exceed 133% of the Federal Poverty Level

## **How long is the eligibility period?**

- From the date of application until the last day of the following month.
- PE is limited to one period of eligibility per pregnancy.
